FOREWORD

This number of the BULLETIN contains the "Motion Days" for 1936 for the various district courts throughout the state. This has been compiled from orders made by the district judges and filed with the clerk of the supreme court. In preparing it we have made this innovation: When a motion day designated by the district judge in any county falls upon the first day of a regular term of court in that county, as provided by statute, the date is printed in italics. We think this will be a convenience. Also, for the convenience of the courts and judges, we call attention to the fact that the rules relating to district courts which have been promulgated by the supreme court are printed, with our late number, in volume 140, Kansas Reports, at page xxix. They are also printed, with their former numbers, in the 1933 Supplement to the Revised Statutes of 1923 under section No. 60-3827.

This Bulletin also contains the summaries, by judicial districts, of the work of the district courts for the year ending June 30, 1935, and of cases pending in those courts on July 1, 1935; also a similar summary for the state as a whole; and tables, by counties, showing the business transacted and pending. All of this has been compiled from reports sent us by the clerks of the district courts throughout the state. We believe they are the most complete and accurate of any we have made. In compiling these summaries and tables we have been greatly aided by the fact that the reports from the clerks of the court reached us more promptly and apparently in better condition than on any previous occasion we have collected such reports, and for this we express our appreciation to the clerks of the court.

We shall not attempt an extended comparison of the showing made by the summaries and tables printed herein with those prepared from the reports of earlier years further than to say that they indicate a decided improvement in the dispatch of business in our courts. There has been a gradual cleaning up of old cases, especially those which had been pending for several years, until now there are very few of them. There is also more expedition in the trial and disposition of cases, in disposing of motions and demurrers, and in the promptness with which journal entries are filed, although in a few counties there is still room for substantial improvement in these matters.

We hope to be able to present, in our April, 1936, BULLETIN, a more definite outline of our proposed Probate Code, also a suggested rewriting of the substantive law of estates.

a = 9:00 a. m. b = 10:00 a. m. c = 1:30 p. m. d = 2:00 p. m. e = 1:00 p. m. mountain time.

NOTE.—Italics indicate the date is also the first day of a regular term of court.

NOTE.—The four divisions of the court in Wyandotte county work with three jury divisions and one "law division" which is rotated among the judges. The "law division" has a motion day each week. The day of the week is designated by the judge at the beginning of the term. Except as modified by the work of the "law division," the motion days are as shown in the above tabulation.

NOTE.—For the months of July and August, in the judicial districts having two or more divisions, one or more judges holds court for the hearing of matters needing prompt attention, and in all the judicial districts some provision is made for the hearing of urgent matters. The days for such hearing are not stated in the above schedule. Parties interested should take the matter up with the judge or clerk of the court with respect to the time of hearing. In a few districts there is a publication, such as the *Legal News* in Shawnee county, in which notice is given of matters not covered by the above schedule.
